ENJOYING THE PEMBROKESHIRE COAST

Roly Smith

Pembrokeshire is a land of sharp contrasts, from dizzying cliffs to secluded, sandy coves on the coast; and from wild, tumuli-studded moorland to deep, oak-fringed estuaries which wind for many miles inland. The landscapes vary from the misty outcrops of the Preseli Hills to the spume-flecked coastline and the mellow, sheltered estuaries of the Daugeledau. That feeling of mystery and enchantment still hangs in the air above the massive stones of the cromlechs and the walls of the ruined castles and cathedrals of Carew, Pembroke, Manorbier and St Davids, and is echoed by the clouds of screaming seabirds which haunt the many romantic islands guarding the famous coastline. This practical visitor guide, published in partnership with the Pembrokeshire Coast National Park Authority, provides everything you need for an enjoyable visit to Pembrokeshire. After a regional breakdown in geographical areas, the guide looks at the history, human and natural, and lists things to do and places to visit, ending with a useful gazetteer of towns and villages.

Roly Smith is former Head of Information Services to the Peak District National Park, and got to know the Pembrokeshire coast through many walking excursions. He is now Editorial Manager for Halsgrove Publishing, president of the Outdoor Writers' Guild and a member of the British Guild of Travel Writers.
