PORTRAIT OF WESTCOUNTRY POINT-TO-POINT

Lisa and Shanan Leigh

he thundering hooves, jostling crowds, roaring punters, straining muscles of horse and jockey, exuberant winners and crestfallen losers. All the sights and almost the sounds and smells of this great sporting institution are captured in over 140 supremely evocative images of point-to-point in the Westcountry.

Husband and wife team Lisa and Shanan Leigh have gone to the very heart of the sport to take shots which are at once candid, sympathetic and exhilirating. They have travelled the length and breadth of the South West - which many regard as the true home of amateur jumping - to photograph a complete season in the point-to-point calendar.

This remarkable book is as close as you can possibly come to standing on the course without actually being there!

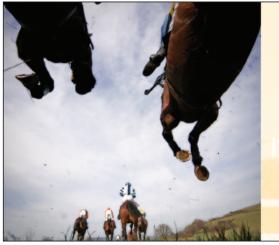

Lisa and Shanan Leigh share twin obsessions – for horses and for capturing the perfect photographic image. They moved to Devon in April 2004 and in 2005 launched their extremely successful portrait and event photography business Total Leigh. This is their first book.
