## PERFECT DEVON

*Jen Bryant*

The photographs in this book have been chosen to reflect the very best of Devon's truly wonderful countryside. From sweeping coastlines to hedge-bounded pastures, and from deep valleys to high moorland views, this book reminds the reader just how enchanting Devon can be.

From season to season, the drama and character of the landscape is revealed through Jen Bryant's superb photography. Panoramic vistas of well-known places are set against quiet corners of the county that have caught the photographer's eye, each page reminding us of the Devon's unique charms.

Most of the photographs have been taken specifically for this book, with an eye to capturing the very essence of Devon. For those lucky enough to live in the county, or for visitors to our glorious county, *Perfect Devon* is indeed the perfect book.

After **Jen Bryant** took up photography, the most natural thing to do was to combine her two favourite pastimes walking and taking pictures. She began her career mostly in black and white but increasingly went over to colour.

She soon learned that the best images are made at either end of the day, although the hours in winter, with its low sun, can be made much more use of. She considers it a real privilege to be out at dawn. It's a magical time with colours not seen during the daytime. Again, the same can be said about the evening light, which sometimes can be unbelievable. Jen lives in beautiful North Devon.
