

Scandals, Sieges and Spooks
**ESSEX GHOSTS
& LEGENDS**

Pamela Brooks

Essex is blessed with more than its share of ancient and interesting buildings many of which have associations with the supernatural and stories of strange events. In this book author Pamela Brooks takes the reader on a journey around the county visiting these buildings, often now in ruins, which themselves have long histories entwined with fascinating tales of strange goings-on and mysterious apparitions. Herself a self-confessed 'addict of ruins and ancient buildings' the author encourages, where public access is allowed, her readers to visit for themselves these places - with the warning to be wary!

Along with these terrifying tales the author imparts more serious historic information and illustrations regarding these important sites and readers will find here as much to fascinate them as to fear.
