

# MEANDERING AROUND EUROPE

## The Odyssey of a Master Photographer

Janice Alamanou

Renowned and multi-award-winning photographer Janice Alamanou was born and raised in Norfolk. Having met her Greek husband she moved to the island of Corfu and acquired a perspective on European life denied to the tourist and casual observer. From this foundation, *Meandering Around Europe* tells of her broadening outlook on people, culture and the environment and how this has informed her art.

Janice has captured images not only of Greece but throughout the Continent including Austria, Italy, the Czech Republic, France and Spain, many of which are reproduced in this sumptuous volume. The photographs are not simply beautiful in themselves but are an expression of Janice's inner passion designed to trigger feeling from the viewer.

*Meandering Around Europe: The Odyssey of a Master Photographer* continues the story of Janice Alamanou's burgeoning as a distinguished creative force and is the wide-ranging and expansive counterpart to her first acclaimed book *From the Shoreline: A Celebration of Coastal Norfolk*.
