

CORNOVIA

REPRINT

*Ancient Sites of Cornwall
and Scilly 4000BC – 1000AD*

Craig Weatherhill

This edition of *Cornovia* has become prized by those many people who have an interest in Cornwall's ancient past. Combining as it does the work first published in two volumes (*Cornovia* and its sister work *Belerion*), this book is one of the most complete guides to individual historic sites to be found in Cornwall and Scilly, and is ideally suited to those wishing to visit the sites themselves. It explores almost 250 sites, with an explanation of each, along with detailed maps, plans and colour photographs specially prepared for this edition. The original books quickly became standard works of their kind, being reprinted and remaining in print for almost two decades. The author has brought *Cornovia* into the 21st century and in this form it too has become a bestseller.

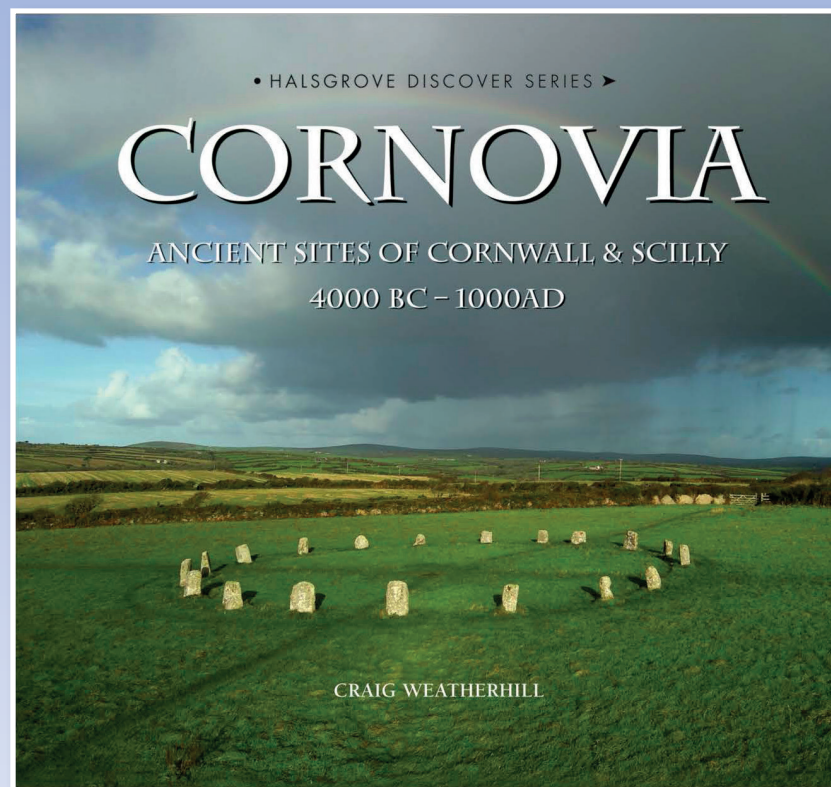

ABOUT THE AUTHOR

The late Craig Weatherhill was an author, historian, novelist, artist and an authority on the Cornish language. He worked for many years as a planning officer for West Penwith and undertook a number of surveys for the Cornwall Archaeological Unit, among other bodies. He lived near St Just and played an active part in many activities supporting the Celtic revival of Cornwall and its people.
